WELCOME TO THE 4TH ANNUAL FORMULATION & DRUG DELIVERY CONGRESS AND 3RD ANNUAL INHALATION & DRUG DELIVERY CONGRESS POST-EVENT REPORT!

2018 was a busy year for the Formulation & Drug Delivery UK Congress and co-located Inhalation & Drug Delivery programme. This year saw the introduction of two key new elements for the event, both of which were well received. These included the launch of Oxford Global's Industry Leaders Club, offering directors from pharma & biotech pre-event & onsite benefits and opportunities to network with peers. We also introduced our Breakfast Roundtable discussions, enabling attendees to interact and knowledge share with their peers on focused topics within the industry. Attendee feedback suggests that this feature was highly popular in enabling interactive discussion and providing valuable insight into the industry from different perspectives.

Whilst the new elements of the event received excellent feedback, the familiar features were also popular. With over 40 presentations from leading industry figures and solution providers, attendees were spoilt for choice, with feedback advising the high scientific content and opportunity to learn more about

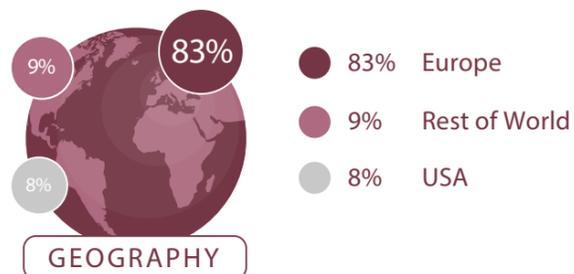

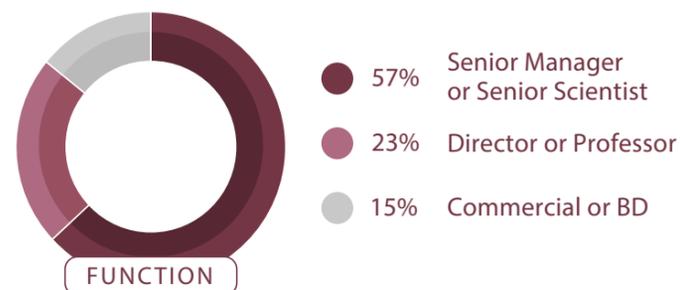

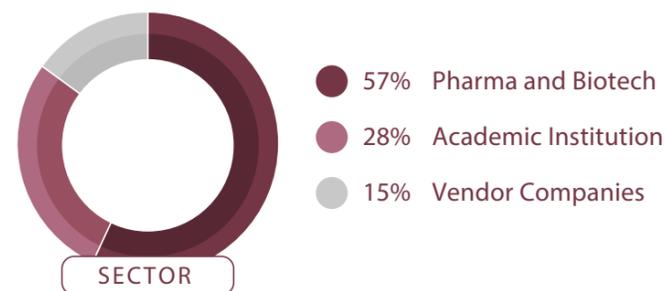

potential solutions in one place was invaluable, Oxford Global has many continued supporters of the congress and it is a pleasure to catch up with familiar faces each year and know that our event is working well for you! It's also exciting to see the continued growth of this forum with new sponsors and attendees joining us each year and we hope to have the opportunity to work with even more of you in 2019! Read on to see more about the 2018 Congress and to have a sneak peek at some of the 2019 Congress plans!

- Hayley Watson, Portfolio Director

WHO DID YOU MEET AT ETC. VENUES VICTORIA?

PRESENTATIONS

18 SPONSORS

35 SUCCESSFUL PRE-PLANNED
ONE-TO-ONE MEETINGS

"I thought that there was a good diversity and level of science at this event, there was also consistent time dedicated to networking, which I enjoyed."

- R&D Director, Adare Pharmaceuticals

"The talks were all of a high quality and there was a good choice of speakers with a range of topics of discussion."

- Research Scientist, Adocia

"I thought that the event was well organised with a range of high quality presentations on offer, as well as a diverse program."

- Senior Principal Scientist, F.Hoffmann-la Roche

"There were key delegates in attendance, which allowed for good networking opportunities. I also thought that there was a good mix of presenting companies at this event."

- Conference and Events Specialist, Adare Pharmaceuticals

"There was a good breadth of topics and the presentations were intimate, allowing for discussion. The venue was also of a good quality."

- Project Leader, Novartis

"I liked the location of this event and there was a strong selection of speakers in attendance, I also enjoyed the flexibility and catering during the breaks."

- Project Manager, Harro Höfliger

"The general quality of presentations was good and there was a nice atmosphere at the event. There was also good access to each of the presentations and I enjoyed the discussion of topics."

- Professor, NOVA University of Lisbon

"The Facilities at this event were nice and the speakers were good, I really enjoyed the human factor and medical device related sessions in particular."

- PhD, University of Helsinki

YOU SPOKE, WE LISTENED:

Variety of Delegates

You have told us that this event enables you to meet with key people within the Formulation & Drug Delivery industry as well as Inhalation & Respiratory Drug Delivery industry.

The team will continue to attract such specialists from pharma & academia. For 2019, you will see a 20% increase in attendees.

Programme Content

With the established streams proving popular earlier this year, we were also pleased to hear your suggestions in terms of topics that you would like to hear more about at the next event!

Next year's conference programme will feature a new stream focused on Continuous Manufacturing And Processing For Improved Efficiency. There will also be an increased focus on Delivery for RNA Therapies and Nanoparticle-Mediated Formulation & Drug Delivery.

Location & Venue

London proved ever popular, with comments about the easy accessibility of the city via airports & trains.

We will once again host the congress in the wonderful city of London. This will be at the ILEC Conference Centre next year.

Networking

You enjoyed the opportunities to network and share knowledge with your peers at the 2018 congress.

For 2019, there will be even more interactive sessions on the programme, alongside enhanced formal & informal networking opportunities.
